sponsorship  
opportunities,  
please email:  
[lhf@fogala.org](mailto:lhf@fogala.org)

or tickets online at:  
[www.fogala.org/lhf](http://www.fogala.org/lhf)

Benefitting the GIRLS ACADEMIC  
LEADERSHIP ACADEMY  
Dr. Michelle King School for STEM

FRIENDS OF  
GALA

**F**riends of GALA supports the Girls Academic Leadership Academy, the only all-girls public STEM school in California, in its mission **to provide equity, access, and opportunity to all girls in Los Angeles by removing interpersonal, academic, and financial barriers for all GALA students.**

Why access to STEM education matters for tomorrow's women leaders today:

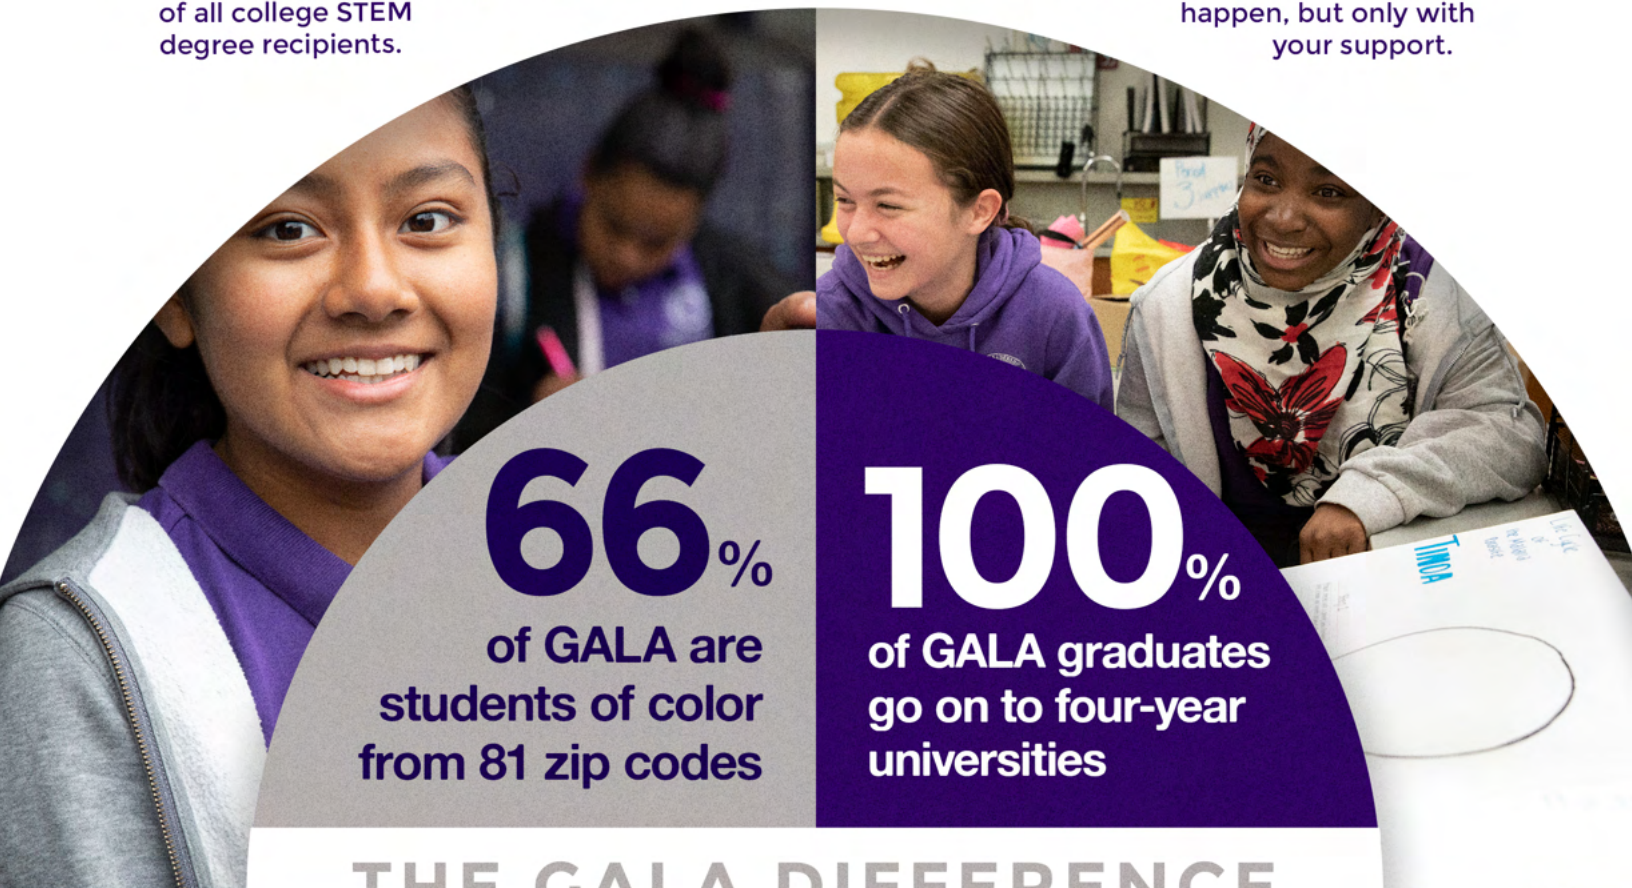

- Women are **50%** of the workforce but represent only **25%** of STEM workers in the US.
- Women account for **only a third** of all college STEM degree recipients.

- Black and Latinx workers are under-represented in the STEM workforce [stat: **8%** Latinx; **9%** Black]

Because of the way I grew up, I didn't think I could go to college, but because of GALA, I am now college-bound.

- GALA Graduate

We seek partners and sponsors to make this work possible. Real change can happen, but only with your support.

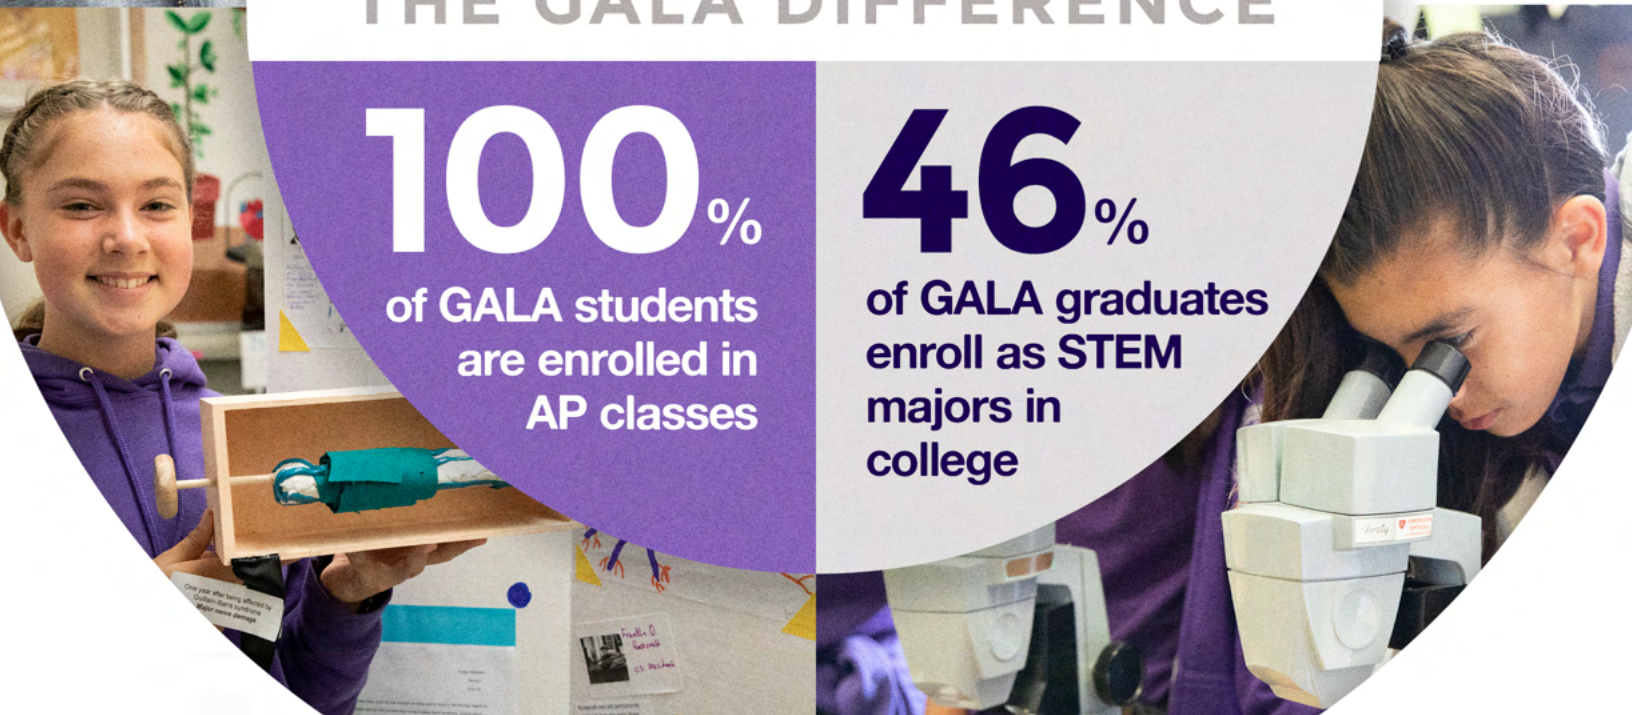

**66%**  
of GALA are students of color from 81 zip codes

**100%**  
of GALA graduates go on to four-year universities

## THE GALA DIFFERENCE

**100%**  
of GALA students are enrolled in AP classes

**46%**  
of GALA graduates enroll as STEM majors in college

# 2023 #LaunchHERfuture Event Sponsorships

Commitments due by  
January 31, 2023

Please contact:  
[lhf@fogala.org](mailto:lhf@fogala.org)

Thank you for your interest in sponsoring  
the 2023 Women's Leadership Event.

Your sponsorship not only helps make this event a truly inspiring celebration for all attendees, scholars and families, but will also provide critical financial support for forward-thinking, high-quality programs for GALA students for which the Los Angeles Unified School District does not pay. These include the STEM-focused educational programs, technology resources, college readiness, operations and community support that each student needs to build their confidence to pursue future careers in STEM.
